

Madrona School invites parents and educators to a community conversation:

# Unplug Your Kids, Plug into the Family

with Gloria DeGaetano, author of  
“Parenting Well in a Media Age”

Saturday, March 14th, 10:00 am - 12:30 pm  
Eagle Harbor Congregational Church

Want to stay connected with your kids and teens? Worried about their exposure to video games, the internet and TV? Join in the conversation and take home strategies to feel empowered, not overwhelmed:

- Immunize your family from the negative effects of a media-generated culture
- Keep your kids plugged in to family life in ways they enjoy
- Motivate media-saturated kids and address peer pressure head-on with heart
- Help your teens connect with peers in deeper, more meaningful ways

Gloria DeGaetano, founder and CEO of the Parent Coaching Institute, shares over 30 years of experience working with children, teachers, and parents. Ms. DeGaetano is an acclaimed educator, author, and speaker. [www.thepci.org](http://www.thepci.org)
